

Porter Davis sets the scene

Casey's popular Botanic Ridge estate is quickly becoming the go-to destination for home buyers with its dynamic new display centre.

Featuring a premier selection of home designs from many of Melbourne's most prestigious builders, Botanic Ridge provides

potential buyers the ease of shopping for houses and land in one great location.

Builders including Porter Davis, East West Homes, Superior Building Group and Premier Builders Group are showcasing designs that have been built in line with the Botanic Ridge strategic design guidelines that aim to provide a superior standard of housing across the estate.

Over the coming months Botanic Ridge will present each of the builder's designs in a special series dedicated to

highlighting the unique homes on display at the estate.

The centre is on Botanic Ridge Boulevard just off Pearcevale Road. Both the Bridgeport and Brookvale homes by Porter Davis are now open for viewing between noon and 5pm Saturday through Thursday.
